MINI BOLT CUTTER

52 HRC

- » Mini bolt cutter can be used to cut wide range of items such as nets, bolts, screws, chain, baling wire, electric wire...
- » Ergonomic handle is non-slip and soft grip.
- » The toughness of the cutting blade is high frequency quenched and heat treated HRC 52.
- » The size of the opening can be adjusted by the nut on the body. Max. opening is 5mm, max cutting capacity is 2.3mm.

CODE	FEATURES	PCS
RHT0604110008	8" 200mm	12/72

FENCING PLIERS

60-62 HRC

- » Fencing Pliers are highly versatile thanks to having a hammer to drive fence staples, a main jaw with 40mm jaw capacity to grip staples and pull them out of the post, extra jaws to stretch and splice wires and as an added bonus, includes two wire cutters. Plier has slip-resistant cushion grip handle for convenience in use.

CODE	FEATURES	PCS
RHT0604130105	10,5" 270mm	6/24

TOWER PINCER

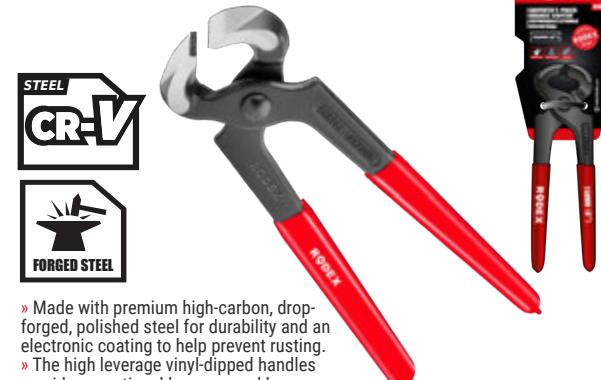

» The thin head design permits good accessibility in confined areas and will not damage the press points on the ear clamps.

» Non-slip grip handles which is convenient for your installation.

CODE	FEATURES	PCS
RHT0305100010	10" 250 MM	6/60
RHT0305100012	12" 300 MM	6/24

TOWER PINCER

» Made with premium high-carbon, drop-forged, polished steel for durability and an electronic coating to help prevent rusting.

» The high leverage vinyl-dipped handles provide exceptional leverage and have a comfort-grip coating for firm command and control.

MULTI ANGLE SCISSORS

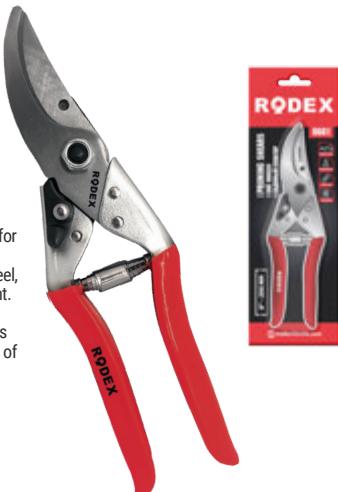

» Shears are able to cut flat cables, chamfer, round molds, trunking and pvc strips, rubber gaskets, molding and weatherstrip, decorative wood etc.. The product is equipped with a built-in miter ruler with marking of various angles between 45°-135°..

CODE	FEATURES	PCS
RHT0606200001	8" 45-135°	10/40

► PRUNING SHEARS

» The RODEX garden pruner is suitable for cutting shoots and branches of plants. The blades are made of high carbon steel, making them durable and wear-resistant. Equipped with corrosion-resistant and anti-slip coating. A blade locking latch is provided for safe storage and transport of the pruning shears

CODE	FEATURES	PCS
RHT0601110008	8" 200MM	12/60

► PRUNING SHEARS

► ROTARY ARM

» The RODEX anvil contact pruner stands out among the entire RODEX scissors series with its ergonomic bypass pruner shape, short cutting head and rotating handle that reduces stress on the hand and wrist. The tool is perfect for pruning branches, shoots and picking fruit.

CODE	FEATURES	PCS
RHT0601120008	8"-200MM	12/60

► PVC PIPE CUTTER

» The Libraton PVC pipe cutter body is made of durable hardness aluminum alloy steel. The thick 2.5mm blade used is SK5 material with precision sharpened and Teflon coated. Sturdy construction and big size suitable for heavy-duty use.

CODE	FEATURES	PCS
RHT0606100042	42MM (1-5/8")	6/48

► PVC PIPE CUTTER

HEAVY DUTY

» Scissors for cutting plastic pipes RODEX are a hand-held tool that fits well in the hand and allows you to effortlessly cut polypropylene pipes with a diameter of 16 to 42 mm. Durable body with steel blades resistant to heavy loads. The scissors are equipped with a handle lock for convenient and safe storage.

WIRE STRIPPER

48-50
HRC
HARDENED TEETH

- » Wire stripper is used for easily peeling off the insulation layer without damaging the wire.
- » Long lasting usage and sharpness.
- » Spring lock design is suitable for one hand operation and carriage in toolbox.
- » The handle is made of anti-slip PP + TPR material with comfortable feel and ergonomic design.

CODE	FEATURES	PCS
RHT0401100007	7" / Ø 1.6-3 MM	10/120

AUTOMATIC WIRE STRIPPER

4 B 1

- » Strip wire with our self-adjusting mechanism.
- » 3 in 1 Function as wire stripping, wire cutting, and crimp insulated and non-insulated terminals.
- » Non-slip PP grip.
- » Stripping size range is 0.5 - 6.0 mm²

CODE	FEATURES	PCS
RHT0401110008	7" / Ø 0.5-6.0 MM	6/54

AUTOMATIC WIRE STRIPPER

55-60
HRC
HARDENED TEETH

- » Clean strip of wires with ease.
- » Compound action stripping via single-action squeezing motion.
- » Precision machined stripping holes easily remove insulation without damaging the wire.
- » During stripping the wire, jaws gently hold the cable.

CODE	FEATURES	PCS
RHT0401120007	8" / Ø 0.5-6.0 MM	12/48

WIRE STRIPPER

48-50
HRC
HARDENED TEETH

- » Wire stripper is used for easily peeling off the insulation layer without damaging the wire.
- » It has universal mechanism so that it's way easier, faster and more precise than old school gauge strippers.
- » Stripping size range is 0.5mm²-2.5mm² and cutting size range is 3.5mm²
- » Tension adjustable knob for adjusting the pulling force to avoid damaging the wire core.

CODE	FEATURES	PCS
RHT0401130007	175 MM / Ø 0.5-2.5 MM	12/48

NETWORK CABLE CRIMPER

- » It has a sturdy design and is made of high quality, durable materials that will last a lifetime.
- precision crimping dies was made of high-carbon steel for any ethernet or telephone cable.

MINI CLAW HAMMER

- » Made from high density carbon steel, anti-rust and durable
- » Ergonomic, non-slip, soft rubber, fiber handle
- » Perfect size, easy to carry, convenient for work
- » Ideal for woodworking, DIY Projects, either at home or workshop

CODE	FEATURES	PCS
RHT0802130008	8 OZ (226 Gr)	6/48

ROOFING HAMMER

- » It is used in roofing works with thin sheet metal
- » Suitable for trimming roof edges and fixing to roof frame
- » Also ideal claw hammer for driving nails, ripping out nails, wood work, framing, and punching holes in drywall and shingles
- » Features a pointed rip claw to pull nails and puncture holes in sheet metal and other materials
- » Fiberglass handle is immersed in non-slip rubberized grip
- » Head includes a cut-out and magnet to start nails safely with a quick tap

CODE	FEATURES	PCS
RHT0803100020	20 OZ (567 Gr)	6/24

► WELDERS CHIPPING HAMMER

50-58 HRC

- » High carbon steel chipping hammer's spring handle is designed to absorb the shock of contact while cleaning welding debris.
- » One end is a flat chisel and the other end is a conical chisel to get into tight spots. Used for removing slag and welding residue.

CODE	FEATURES	PCS
RHT0804100050	18 OZ (500 Gr)	6/48

► STONE HAMMER

50-58 HRC

DIN 6475

- » Forged in one-piece steel structure prevents the head from falling off
- » Perfectly balanced to deliver powerful blows with an easy swing
- » The ergonomic handle can absorb shock and vibration to achieve a comfortable touch and reduce hand fatigue

CODE	FEATURES	PCS
RHT0805100300	3.0 LB (1.36 Kg)	6/12

► AXE WITH FIBERGLASS HANDLE

50-58 HRC

DIN 5131

- » Forged and crafted from a single piece of solid steel for a durable and long lasting use
- » Can be used perfectly for chopping logs, small trees & branches or splitting firewood & kindling
- » Shock absorbing fiberglass handle which will reduce the strain on your hand, resists slipping and adds comfort

CODE	FEATURES	PCS
RHT0808100020	20 OZ (567 Gr)	6/24

► AXE WITH FIBERGLASS HANDLE

50-58 HRC

DIN 5131

- » Forged carbon steel heat treated blade provides smooth, sharp and quick splits and stays sharp long.
- » Can be used perfectly for chopping logs, small trees & branches or splitting firewood & kindling
- » Shock absorbing fiberglass handle which will reduce the strain on your hand, resists slipping and adds comfort
